  - When areas ask for assistance how to determine which parish should assist.
    - Don't have a map with boundaries of parishes but you could go on internet to get mass times in the area which could help identify parish in specific area (masstime.com)
  - Specific area has requested assistance
    - Could twin with another church to help provide monetary support.
      - Other church (Resurrection) would lead and we (St. John Neumann) would support
